FOOTNOTES:

1 All services – excluding items covered under the drug plan – are subject to deductible unless otherwise indicated in the *Summary of Benefits* (i.e., “deductible waived”). When applicable, the deductible must be met before benefit payments are made. Charges for Preferred Provider services do *not* cross-apply to the Nonpreferred Provider deductible, nor vice versa.

2 After a member (or family) reaches the applicable out-of-pocket limit, the Medical Program pays 100 percent of that member's (or family's) covered charges for the rest of the calendar year (except for out-of-network inpatient hospital copayments, and residential treatment center copayments). Deductible, coinsurance, and copayments for Preferred Provider services do *not* cross-apply to the Nonpreferred Provider limit, nor vice versa.

3 Initial treatment of a medical emergency is paid at the Preferred Provider benefit level. Follow-up treatment from a Nonpreferred Provider and treatment that is not for an emergency is paid at the Nonpreferred Provider level.

4 Certain services are **not covered** if preauthorization is not obtained from BCBSNM (or the BCBSNM Behavioral Health Unit). A list of services requiring preauthorization and a description of when obtaining preauthorization is **your** responsibility is in Section 4. Some services may require a written request for preauthorization in order to be covered. (Nonemergency ambulance services are covered **only** when it is medically necessary to transfer the patient from one facility to another.)

5 Preauthorization is required for inpatient admissions. You pay a **\$300 penalty** for covered facility services if preauthorization is your responsibility and is not obtained

6 Rental benefits for medical equipment and other items will not exceed purchase price of a new unit.

7 LANS has authorized the Claims Administrator to approve, when used as a cost-effective alternative to inpatient hospitalization, residential treatment center services for patients being treated for chemical dependency and mental health.

8 Prescription drugs and other items covered under the drug plan must be purchased at a pharmacy that participates in the Retail Pharmacy/Specialty Pharmacy or Mail-Order Programs. (BCBSNM has contracted with a separate program for administration of your outpatient drug plan benefits.) Some prescription drugs require preauthorization before coverage will be available. If you require a brand-name drug for which there is a generic equivalent, you will pay the difference in cost between the brand-name drug and the generic drug, plus the generic drug copayment.

Deductibles, copayments, and coinsurance percentages are applied to BCBSNM's covered charges, which may be less than the provider's billed charges. Preferred Providers will not charge you the difference between the covered charge and the billed charge for covered services; Nonpreferred Providers may.

NOTE: BCBSNM provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims, except as may be specified in the Administrative Services Agreement.
